

## **TOWN BOARD BUDGET WORKSHOP MEETINGS**

**10/09/24 - Directly after the Town Board Meeting is adjourned  
10/16/24 @ 6:30pm**

*(Both at Town Hall, 1100 Sunrise Blvd.)*

***What is a budget workshop?*** A budget workshop is a public meeting when the Town Board Members discuss and, as appropriate, modifies the tentative budget in order to get it into a form that is appropriate for public review and comment.

***What is the public's role in a budget workshop?*** The public is entitled to attend and observe the budget workshops. However, the budget workshop is a work session of the Town Board Members, and public comment is not allowed during these sessions. The budget workshops are simply work sessions of the Town Board to get the budget into a form that is appropriate for public review and comment. The public will have the opportunity to comment on the budget prior to final adoption.

***When will the public be able to comment on the budget?*** Once the Town Board adopts the tentative budget (with or without modifications) as the “preliminary budget”, the Town Board must conduct a public hearing. The public hearing is conducted after the budget workshops have already been completed.
