Town of Rotterdam
1100 Sunrise Boulevard
Rotterdam, New York 12498
Attn: Hon. Mollie A. Collins, Town Supervisor

Re: Town of Rotterdam, New York
Bond Counsel Services

Dear Ms. Collins:

We are writing to detail for you what our fees would be as bond counsel to the Town of Rotterdam, New York (the "Town") in connection with the issuance of various bonds and notes (the "Obligations") and other public finance matters. The purpose of this letter is to outline briefly the services which we would provide as bond counsel, the general nature of the transaction, bond counsel fees, and other similar matters. The information in the paragraphs which follow is provided to that end.

Responsibilities of Bond Counsel

As a matter of custom and prudence, both issuers and the purchasers of tax-exempt bonds have come to require an opinion of recognized bond counsel in connection with the issuance of the securities. The opinion ordinarily provides, among other things, that (1) the obligations have been properly authorized and issued and are valid, and (2) the interest on the obligations is excludable from gross income for federal income tax purposes and exempt from New York personal income taxation.

In order to establish the factual basis for the legal conclusions expressed in our opinion, we would prepare a record of proceedings (or transcript) which contains all documents and other materials necessary in our view to ensure that the form and substance of the transaction conform with the requirements of the Federal Internal Revenue Code, the New York Local Finance Law, the New York Town Law, and other applicable New York State Law. Included in the record of proceedings would be various resolutions adopted by the Town Board of the Town authorizing the issuance of the Obligations. Also included in the record of proceedings would be certificates certifying to different facts establishing, for example, the tax-exempt status of the Obligations. We would be responsible for drafting these resolutions and certificates, as well as other documents which are customary and appropriate in these transactions. In addition, we would assume responsibility for other administrative matters, such as coordinating meetings, having bond forms prepared, making arrangements for the closing, and coordinating with the Town Attorney.

In addition, we will review the official statements prepared by the Town's municipal advisor relating to the Obligations, for the limited purpose of ensuring conformity with the aforescribed record of proceedings. Except for such limited review of the official statements, we typically assume no responsibility for any disclosure which may be required under state or federal securities laws in connection with the issuance and sale of the Obligations (excepting only the description of the Obligations and the record of proceedings appearing in the offering documents relating to the Obligations) or for the accuracy,

completeness or fairness of statements, representations, information or financial data supplied by the Town, or by its municipal advisor, or by any financial institution providing credit enhancement for the Obligations.

Fees

Our fee for services as bond counsel to the Town for the Obligations would be computed for each issue of Obligations as follows (these arrangements are in effect for all issues in 2022, and then until such time as we modify them with you in writing):

Proceedings:

Fees:

Bond resolution, effective immediately (single purpose)	\$1000
Bond resolution, effective immediately (multiple purposes)	\$1000 plus \$200 for each additional purpose
Single-purpose bond resolution, subject to permissive referendum (without subsequent vote)	\$1250
Single-purpose bond resolution, subject to referendum or special election (on Board motion)	\$1,500
Bond resolution, subject to referendum or special election as a result of voter petition	\$2,000
Refunding bond resolution	\$1,500 (plus \$500 for each underlying series of bonds to be refunded)
Lease/purchase financing resolution - effective immediately (single purpose)	\$900
Lease/purchase financing resolution - effective immediately (multiple purposes)	\$900 plus \$250 for each additional purpose
Single-purpose lease/purchase resolution, subject to permissive referendum (without subsequent vote)	\$1,100
Single-purpose lease/purchase resolution, subject to referendum or special election, on Board motion	\$1,900
Lease/purchase resolution, subject to referendum or special election as a result of voter petition	\$2,500

Borrowings:

<u>Issue Size</u>	<u>Fees</u>	<u>Notes</u>
Base Fees:	\$1,750 (new) or \$1,500 (renewal) (local closing/no official statement)	
	\$2,000 (new) or \$1,750 (renewal) (DTC closing/no official statement)	
	\$3,500 (new) or \$3,250 (renewal) (local closing/official statement)	
	\$4,000 (new or EFC Note) or \$3,500 (renewal) (DTC closing/official statement)	
plus:		
First \$2,500,000	\$1.00 per thousand	
Amount from \$2,500,000 to \$5,000,000	\$.60 per thousand	
Amount from \$5,000,000 to \$15,000,000	\$.40 per thousand	
Amount over \$15,000,000	\$.25 per thousand	

In the case of a note issue involving both new money and renewal money components for the same project, we would charge separate base fees for each new money component and for each renewal money component. The first of these base fees would be based on the nature of the transaction (for example, whether there was an official statement, and whether the closing was conducted through DTC). Any additional base fees would be at the lowest level under our fee schedule that reflects the nature of the closing, without reference to the sale documentation. Additionally, to the extent that a different project is added to a financing (or in the case of multi-note/multi-purchaser issues), we would follow the same methodology, using our lowest level base fees that reflect the nature of the closing, without reference to the sale documentation. Under any scenario, the total of our additional base fees (beyond the first) will never exceed \$3,500 regardless of the number of projects being collectively financed. For purposes of this item, "notes" includes bond anticipation notes, bond anticipation renewal notes, revenue anticipation notes, tax anticipation notes, capital notes and budget notes.

Bonds

<u>Fees</u>
Base fee:
\$5,000 (\$4,500 for a privately-sold bond issue that is solely for the redemption of bond anticipation notes), excluding Rural Development and EFC financings, for a single project financing. For each additional project being financed in a combined issue, there would be a base fee of \$900 (\$500 for a privately-sold bond issue that is solely for the redemption of bond anticipation notes). Under any scenario, the total of our additional base fees (beyond the first) will never exceed \$4,500 regardless of the number of projects being collectively financed. Rural Development and EFC matters will have a base fee of \$5,000.
plus:
First \$5,000,000
Amount from \$5,000,000 to \$10,000,000
Amount over \$10,000,000
\$1.00 per thousand
\$.75 per thousand
\$.50 per thousand

Because the range of services we are expected to provide in the context of a bond sale are more easily subject to prediction than is the case with note sales, the fees listed above are "all inclusive" (except for the extraordinary services described later in this letter). We have sought to create a simple and predictable fee schedule for bond issues that is fair and understandable to all parties and that covers all the normal bond counsel services we anticipate performing. Unlike some other bond counsel firms, we have deliberately avoided setting artificially low "base" fees and then charging extra for a host of specific services that we consider to be part of the job (such as reviewing and commenting on the official statement as described above, drafting continuing disclosure documents, setting up and printing the bonds and preparing and filing required IRS documents).

We will submit bills to you on these occasions: (i) upon the Town's adoption of a bond resolution and (ii) upon the later closing of each subsequent issue of obligations.

We understand that the Town may be considering financing various projects through participation in financing programs offered by the New York State Environmental Facilities Corporation ("EFC") or the United States Department of Agriculture - Rural Development Agency ("Rural Development"). If the Town was to finance the project with EFC, our fees would be increased to reflect the additional work related to the EFC and Rural Development financing programs. Our additional fees would be determined based on our normal hourly rates and would be in addition to the fees described above for bonds and notes. We would agree to cap our additional legal fees for services as Bond Counsel to \$5,500, plus disbursements.

For advance refunding transactions, which involve more participants and are more complex in nature, our fee will be calculated off of a flat fee of \$20,000, plus an additional \$1,000 for each underlying series of bonds or notes being refunded. Current refundings will be evaluated on a case-by-case basis, but our fees for those refundings will not exceed our stated fees for advance refundings. Note that these refunding transaction fees include within them all of our out-of-pocket disbursements (in order to provide for the absolute fee certainty that is necessary in these complicated transactions). Our fees are payable on closing and will be factored into the underwriter's cost of issuance calculations for payment out of the transaction proceeds—the Town would not typically pay them separately. These refunding transaction quotes assume the absence of any unusual complicating factors.

Our estimate of legal fees assumes that there will be no extraordinary questions of tax law or securities law. It also assumes that our firm will not be called upon to perform extraordinary services with regard to any real estate, environmental concerns, or other aspects of the financing falling outside the normal responsibilities of bond counsel. In the event the facts do not bear out the foregoing assumptions, we would expect to charge for our extraordinary services on an hourly basis. We would expect to bill for such services at our normal hourly rates. My current hourly rate is \$515/hour, the hourly rates of any other attorneys that would perform services for the Town would be provided to you prior to our performing any services for the Town. Our hourly rates are adjusted periodically. We would, in any event, discuss with you any extraordinary services to be performed by us prior to our performing them.

Our statement for services, in addition to our fee, will also include our disbursements. The largest of these would be charges for photocopies of various documents, word processing, travel, and long distance telephone calls. Also included would be various charges for courier services. We normally bill our

Mollie A. Collins, Town Supervisor
April 18, 2022
Page 5

disbursements on a monthly basis. We would expect to bill the Town for any disbursements whether the Obligations are ever issued.

Financial Administration Fees

Our fees for financial administration services to the Town will be based on our normal hourly rates and are payable at the closing of the sale of the bonds or notes.

Term of Engagement

We understand that the term of our engagement will be for the period required to complete the financings that we have initiated our services as bond counsel. In the event that the Town determines to terminate our engagement prior to the completion of any of such financings, we will bill the Town for our legal services to the date of termination based on our normal hourly rates.

Client Information

In performing our services as bond counsel to the Town, our client is the Town, and we represent its interests in connection with the issuance of the Obligations. While the Town Board of the Town (the "Town Board") is the finance board of the Town under the New York Local Finance Law, the Town Board will usually delegate to the Town Supervisor the responsibility to provide for the issuance of the Obligations and the undertaking of the capital projects to be funded thereby. Further, since the members of the Town Board are elected officials and not full-time employees of the Town, we anticipate that the majority of our conversations and discussions will be with the Comptroller, the Town Supervisor and other officers having responsibility for the issuance of the Obligations. By acceptance of this letter, the Town Board agrees that communications with the Comptroller, the Town Supervisor and such other officers will fulfill our professional duty as bond counsel to communicate with the Town Board and/or the Town.

We understand that the Town has its own counsel and will rely on such counsel to address matters falling outside the scope of traditional bond counsel services. Examples of matters falling outside the scope of traditional bond counsel services include issues involving architectural, engineering and construction contracts, litigation, public bidding and the general municipal laws relating to the projects to be financed with the proceeds of the Obligations. We assume that any other parties involved in the issuance of the Obligations will retain such counsel as they deem necessary and appropriate to represent their respective interests. Our representation of the Town will not alter our responsibility to render an objective opinion as bond counsel.

Conflicts of Interest

The Lawyer's Code of Professional Responsibility prohibits representation of multiple clients if the exercise of independent professional judgment on behalf of a client will be or is likely to be adversely affected by such multiple representations. As described above, in connection with the issuance of the Obligations by the Town, the Town will be our client. We will not represent any other party involved in the issuance of the Obligations or any substantially related matter.

As a matter of course, our firm regularly represents banks, investment bankers and other corporate clients in public finance and other matters. Any one or more of these clients might become involved in the

Mollie A. Collins, Town Supervisor
April 18, 2022
Page 6

issuance of the Obligations. Examples of banks, investment bankers and other corporate clients which we regularly represent include Manufacturers and Traders Trust Company and Jefferies LLC.

Our representation of these clients has occurred in the past, is presently ongoing and we hope will continue in the future. Our conflicts partner has indicated to us that, if we represent a regular client (such as Jefferies LLC) in matters not related to the issuance of the Obligations, a "potential" conflict of interest may arise if such client subsequently becomes a party to this transaction (by, for example, being the lowest bidder for the Obligations), even if we are not representing such client in this transaction. Acceptance of this proposal will constitute a waiver by the Town of all such "potential" conflicts of interest, but will not constitute a waiver of an "actual" conflict of interest. An "actual" conflict of interest would exist in a situation where this firm represents the Town and another client in the same matter, such as representing a potential purchaser of the Obligations in preparing its bid for the sale of the Obligations by the Town. However, as noted above, we will not represent any bank, investment banker or other client in any matter related to the issuance of the Obligations by the Town or any substantially related matter.

As we have discussed, you are aware that we represent many other clients in numerous and diverse matters. It is possible that, during the time that we are representing the Town as bond counsel, some of our past, present or future clients may have transactions with the Town. The Town agrees that we may continue to represent, or may undertake in the future to represent, existing or new clients in any matter that is not substantially related to our work as bond counsel for the Town (even if the interests of such clients in those other matters is directly adverse to the interests of the Town; however, we agree that your prospective consent to conflicting representation shall not apply in any instance where, as a result of our representation of the Town, we have obtained proprietary or other confidential information of a non-public nature, that, if known to such other client, could be used in any such other matter by such client to your material disadvantage.

Acceptance of this proposal further constitutes authorization by the Town to permit the Town Supervisor to execute any writing required by our conflicts partner to resolve any such "potential" conflicts of interest that may arise in the future.

Arbitration

In the event that a dispute arises between us relating to our fees, you may have the right to arbitration of the dispute pursuant to Part 137 of the Rules of the Chief Administrator of the Courts, a copy of which will be provided to you upon request.

Privacy Policy

During the course of this engagement, the firm may collect certain personal information relating to the services contemplated by this letter. When we do so, we require that clients provide the minimum amount of personal information necessary for us to perform our legal services. The collection of any such personal information will be governed by, and such personal information will be processed in accordance with, the firm's Privacy Policy, as well as any applicable privacy laws and codes of professional conduct. You can obtain a copy of the firm's Privacy Policy on our website at www.hodgsonruss.com or by requesting one from us.

Firm Policy With Respect to Disbursements

In connection with this matter, we will incur expenses, such as photocopying, shipping of documents, travel, long distance telephone charges, filing fees and other expenditures which may be appropriate in handling your work. Such expenses are not included as part of our fee for professional legal services, and periodic statements showing the amount of such disbursements will be rendered to you at your request.

Set forth below are summary descriptions of the categories of disbursements commonly incurred on behalf of the Town. This list is by no means exhaustive, and other charges not described below will be invoiced to the Town in an appropriate manner. Furthermore, the charges for certain of the items described below are imposed by third parties and may be increased without notice to us or to our clients:

1. **BINDING:** The entire cost of binding transcripts for circulation to various financing participants is invoiced to the Town. The total cost is a function on the number and size of the transcripts to be bound and the charges for photocopies (see below).

2. **COMPUTER TIME SHARING:** The actual cost of computer time sharing for access to legal and other data bases will be passed through to the Town. These charges are generally incurred in the course of performing legal research.

3. **FILING AND RECORDING FEES AND CERTIFICATE CHARGES:** The cost of various filings and recordings with federal, state and local agencies is borne by the Town. Charges for obtaining certified copies of documents from federal, state and local agencies are also invoiced to the Town. Occasionally, due to the nature and timing of the transaction involved, filings or requests for certified copies will be handled through service companies which may charge a premium rate.

4. **PUBLICATION:** Certain transactions require the publication of legal notices. The charges for such publication are established by the respective newspaper or periodical, and it is our policy to forward invoices to the Town for direct payment to the vendor.

5. **STAFF OVERTIME:** When secretarial or other support staff is required to work overtime with respect to the Transaction, the cost is invoiced to the Town at the rate of \$32.00 per hour. In addition, all employees who work 10.5 consecutive hours or more are entitled to receive either lunch or dinner. These meal costs will be charged to the Town.

6. **PHOTOCOPIES:** Photocopies are charged at a rate of 10 cents per page. For large quantities of photocopying which do not require immediate turnaround, we will use a local photocopying service if it can provide copies at a lower rate.

7. **SHIPPING AND LOCAL DELIVERY:** The cost of shipment by Federal Express, United Parcel Service, Express Mail, U.S. Mail or other delivery service at the retail price charged for such service is invoiced directly to the Town. The actual amount of the charges will depend upon the number, weight, and carrier of packages and letters sent. The Town will also be charged for local delivery by outside couriers at their normal rates, and for our in house courier (\$7.50 per delivery or package).

8. **TELEPHONE:** The Firm's telephone system allows for the attribution of long distance charges to the appropriate client and file. These charges include long distance charges for telecopies, as well as conference calls arranged through Soundpath Conferencing Services. Most of our long distance calls are placed through RCI Long Distance Service at rates approximately the same as AT&T rates.

9. TELECOPY: Telecopies are charged at \$.50 per page. The charge is designed to amortize the cost of acquiring and maintaining our telecopiers, as well as to cover the cost of administrative expenses associated with telecopy charges, the cost of collection and the time value of money.

10. TRAVEL: The actual cost of travel, including charges for mileage for firm-owned or attorney-owned automobiles at 58.5 cents per mile, parking, plane or train fares, taxi, hotel, meals, etc., will be invoiced to the Town.

We will send you bills periodically. Our normal billing cycle is monthly, but in certain cases, such as a real estate transaction where we expect the closing to occur soon, we may not bill you until the project is complete. Nevertheless, we reserve the right to send periodic bills if things take longer than we expect.

We expect our bills to be paid within 15 days after they are rendered and we regard them as past due 30 days after they are rendered. We might bill for disbursements, which involve out of pocket expenses that tie up our funds, more frequently than for fees. For large disbursements, we avoid our accounting process altogether – we will send you a copy of the bill, asking that you pay it directly and send us a copy of the check so we can keep track of the account.
