RESOLUTION NO. 388.25

**A RESOLUTION ASSERTING HOME RULE AUTHORITY TO PROTECT ACCESS TO
NATURAL GAS IN NEW CONSTRUCTION AND OPPOSING NEW YORK STATE'S
ALL-ELECTRIC BUILDINGS ACT**

WHEREAS, affordable, reliable, and diverse energy sources are essential to the health, safety, economic prosperity, and quality of life for residents, businesses, and communities in the Town of Rotterdam; and

WHEREAS, natural gas remains a dependable, cost-effective, and clean-burning energy source used by many Town residents and builders for heating, cooking, hot water, and other essential needs, particularly in the Capital Region where electric alternatives may impose higher costs and strain grid reliability during harsh winters; and

WHEREAS, in 2019, New York State enacted the Climate Leadership and Community Protection Act (CLCPA), which mandates aggressive emissions reductions and has served as the foundation for energy restrictions, including efforts to phase out natural gas in new construction; and

WHEREAS, building on the CLCPA, the New York State Legislature and Governor Kathy Hochul enacted the All-Electric Buildings Act as part of the 2023 state budget, which prohibits natural gas and other fossil fuel hookups in most new residential and commercial buildings seven stories or fewer effective December 31, 2025, and in all buildings effective January 1, 2029, thereby limiting consumer choice, increasing construction costs, and potentially hindering affordable housing development in the Town; and

WHEREAS, on November 13, 2025, implementation of the All-Electric Buildings Act was suspended pending appeals in a federal lawsuit brought by the National Association of Home Builders and the New York State Builders Association, highlighting ongoing legal challenges to the Act's constitutionality under federal law, including the Energy Policy and Conservation Act and the Commerce Clause; and

WHEREAS, these state mandates represent an overreach by the Executive Branch, infringing on local home rule authority granted under Article IX of the New York State Constitution and Sections 10-11 of the Municipal Home Rule Law, which empower towns to regulate matters of local concern such as zoning, land use, building construction, and utilities without undue state interference; and

WHEREAS, recent New York Court of Appeals rulings, including those upholding New York City’s Local Law 97, affirm that the CLCPA does not fully preempt local governments from enacting regulations related to building standards and greenhouse gas emissions, allowing towns like Rotterdam to protect local interests in energy reliability, affordability, and economic development; and

WHEREAS, the Town of Rotterdam finds that mandating all-electric buildings could exacerbate housing shortages, raise energy bills for low- and middle-income residents (with natural gas currently averaging lower costs than electric heating in the region), and disrupt local builders and utilities like National Grid, without adequate consideration of upstate New York’s unique climate and infrastructure needs; and

WHEREAS, other upstate municipalities, such as the Town of Cincinnatus in Cortland County, have adopted resolutions opposing state energy regulation overreach, demonstrating a growing coalition to preserve local control and consumer energy choices; and

WHEREAS, the Town of Rotterdam seeks to preserve an “all-of-the-above” energy strategy that includes natural gas as a viable option, ensuring builders and residents can incorporate it into new construction without unconstitutional state denial of that right; NOW

THEREFORE, UPON MOTION OF Councilmember **MASTROIANNI**, seconded by Councilmember **DODSON**,

BE IT RESOLVED BY THE TOWN BOARD AS FOLLOWS:

SECTION 1. The Town Board of the Town of Rotterdam hereby asserts its home rule authority under the New York State Constitution and Municipal Home Rule Law to regulate local building standards and utilities, and declares that the All-Electric Buildings Act constitutes unconstitutional overreach that conflicts with the Town’s right to promote affordable housing, economic growth, and energy diversity.

SECTION 2. The Town of Rotterdam opposes the All-Electric Buildings Act and any related executive actions or building code updates that would prohibit natural gas hookups in new construction within the Town, and affirms that builders and residents shall have the right to incorporate natural gas systems in new buildings, subject to local permitting and safety standards; and

SECTION 3. The Town Building Department is directed to continue issuing permits for natural gas installations in new construction during the current suspension of the state Act and beyond, unless otherwise required by a final court ruling, and to prioritize applications that promote energy choice and affordability; and

SECTION 4. The Town supports federal legislation such as the Energy Choice Act (H.R. 3699, S. 1945) introduced by Congressman Nick Langworthy and Senator Jim Justice, which would protect access to natural gas from state and local bans, and urges Congress to pass such measures; and

SECTION 5. The Town Clerk is directed to forward copies of this resolution to Governor Kathy Hochul, the New York State Legislature leadership, Assemblymember Angelo Santabarbara, Senator Pat Fahy, the New York State Department of State, the New York State Department of Environmental Conservation, the New York State Association of Towns, the National Association of Home Builders, the New York State Builders Association, and local media outlets for public awareness.

SECTION 6. This resolution shall become effective December 17, 2025.

Applicant: David Gazillo (Contract Vendee)

Project Location: Ghents Road

Tax Number or Numbers: 70.8-1-14.2

Proposed Project: Report and Recommendation to the Town of Rotterdam on a Change of Zone from Agriculture (A-1) to Single Family Residences (R-1) on a ± 4.14 -acre parcel for the construction of up to four (4) Single Family Residences.

**Resolution Adopting a Report and Positive Recommendation on
the Change of Zone Request by the BDC Group**

WHEREAS, the Town Board of the Town of Rotterdam ("Town Board") has received an application from the David Gazzillo ("Contract Vendee") for a Change of Zone from Agricultural (A-1) to Single Family Residential (R-1) on ± 4.14 acres for the construction of up to four (4) Single Family Residences on Ghents Road (Tax Map Parcel No. 47.-8.13.5); and

WHEREAS, the Town Board referred the Change of Zone application to the Planning Commission on November 5, 2025 for a report and recommendation thereon; and

WHEREAS, the Applicant, through its consultant, Empire Engineering, PLLC (Christopher Longo) presented the Change of Zone application to the Planning Commission at its regularly scheduled meeting held on November 6, 2025; and

WHEREAS, the Planning Commission reviewed the proposed Change of Zone at its regularly scheduled meeting held on November 6, 2025; and

WHEREAS, the Planning Commission has deliberated on the proposed Change of Zone;

NOW, THEREFORE, upon motion of Member Flansburg, seconded by Member Collins,

BE IT RESOLVED, by the Planning Commission of the Town of Rotterdam as follows:

Resolution Number PC59-2025

Applicant: David Gazillo (Contract Vendee)

Page 2

1. The Planning Commission hereby adopts the following as its report on the proposed Change of Zone:

The Change of Zone request concerns one parcel comprising a total of ± 4.14 acres. The property is in a rural/suburban area of town and surrounded by single family residential development. This area is very convenient for traveling to and from multiple locations.

The property currently meets the zoning regulations to allow for a three (3) lot residential subdivision. The applicant is requesting a Change of Zone from A-1 to R-1 to allow for the creation of a four (4) lot subdivision as the R-1 designation requires only 100 feet of roadway frontage as compared to 150 feet in the A-1 Zoning District

2. Subject to the considerations set forth in Paragraph 3, below, the Planning Commission hereby adopts a **positive recommendation** on the proposed Change of Zone request for the following reasons:

- A. The property is in an area surrounded by similar uses and lot sizes.
- B. The site can be served by municipal water and the soils are conducive to the construction of a conventional septic system which would require less space.

3. Neither a positive recommendation by the Planning Commission, nor any rezoning action taken by the Town Board, should be construed as an approval or other favorable position concerning any proposed conceptual development plan. Any proposed development shall remain subject to full review by the Planning Commission and, as necessary, by the Zoning Board of Appeals.

- 1) If approved the applicant will be required to submit application for subdivision approvals which may require restrictions on clearing to preserve as many mature trees as feasible.

1. **David Gazillo (Contract Vendee) – Ghents Road.** Report and Recommendation to the Town of Rotterdam Change of Zone on a ±4.14 acres parcel from Agriculture (A-1) to Single Family Residences. Engineer: Empire Engineering, PLLC.

Mr. Longo: I do have a map. It should be here in a moment as well.

Chairman Ricker-Scannell: Okay, super.

Mr. Longo: Forgive me a little laryngitis here, but we're good. Christopher Longo, Empire Engineering, representing Dave Gazillo, who is the contract vendee for the property along Ghents Road. The application is for a four (4) lot subdivision, but prior to that we've applied to the Town Board for a Change of Zone to the R-1 District, where it's currently agriculture.

That would allow for about 15,000 square foot minimum lots, but we're proposing just under one (1) acre. So rather than going through a variance for all four (4) lots and having some odd subdivision, we're proposing to Change the Zone. And we did go out to the site and it's four (4) acres total, so as I mentioned...

Chairman Ricker-Scannell: I'm going to stop you just for a quick second because you did mention the acreage. I noticed that the deed description references 6.86 acres, so was there something already parceled out?

Mr. Longo: Yeah, that description might be for the parcel just towards Helderberg Ave.

Chairman Ricker-Scannell: It's what came in the application.

Mr. Longo: All right, yeah, that description might have been for a previous larger piece.

Chairman Ricker-Scannell: Okay.

Mr. Longo: That house came off of this lot some years ago. So, apologies on that description, but it's not six (6) acres, it's only four (4).

Ms. Richer-Scannell: Okay.

Mr. Longo: So normally it would be pretty close with the acreage. However, the frontages would not meet the 150 feet in the Agriculture District. So, on the south side of this road, the parcels are all similar in nature to these four (4), and then the Netherlands Estates to the north are all similar to this parcel as well for what's being proposed.

Chairman Ricker-Scannell: Similar lot sizes as what you're proposing?

Mr. Longo: Yes.

Chairman Ricker-Scannell: So not agricultural, one acre, 150 foot frontage, 15,000 square feet or more, but closer to the one (1) acre part?

Mr. Longo: Netherlands actually I think is even smaller because that is currently zoned R-1.

Chairman Ricker-Scannell: Okay, but across the street from where you're looking. So, does that look similar?

Mr. Longo: Yes, those look similar to what we're proposing, and they are all less than 150 feet. Yeah, across the street is already less than 150 feet. We would still have about 130 or so depending on where those final lot lines land.

**David Gazzillo (Contract Vendee)
Ghents Road**

Chairman Ricker-Scannell: Okay, I know that this is just a little bit of a rough draft here of what we'd be looking at. One (1) of the things I noticed when I ventured down Ghents Road tonight was just how really forested, I mean, you kind of feel like that you're out in the country even though you're not out in the country. What is the plan as far as maintaining the green space that exists on that parcel?

Mr. Longo: So certainly, we would like to disturb the minimum necessary to get a house. There is water along that road, so there'd be a water service connection in the driveway, but you could probably be selective in how many trees you take out in the front yards, and then in the backyard behind the house we would need to install a septic system. But beyond that septic, I would imagine all the future landowners and homeowners here would want to keep as many trees as possible. You just need to have enough for a septic.

Chairman Ricker-Scannell: Right, I mean, so that would be, at least from my perspective, I can't speak for all the Members on the Planning Commission, but having that moving forward would, for me, be a deal breaker one (1) way or another. I noticed that that whole area has mature trees. I mean, you can see that map is great. Thank you for bringing that. You can really see all the mature trees across the street from this parcel, behind it and surrounding it, so I would hate to see just these big flat open spaces. I also will note that there was a lot of wildlife. Four (4) deer walked in, like, it was like a family of deer went walking nicely across the road in front of my car. So that, I'm sure, is something that I would like to see moving forward.

Chairman Ricker-Scannell: Mr. Collins, questions, comments, concerns?

Mr. Collins: No, I mean, I understand what you're saying with the area, but I agree with Kim, we hate to just clear-cut trees and make it barren when you have a chance to make a nice lot with, pristine trees so far. So, I mean, I would look at it going forward, but I hope that you wouldn't just clear cut everything and just desolate it and put up some big houses. That's all I have, but I agree with you, Kim.

Chairman Ricker-Scannell: Thank you. Yeah, and I also think that if this project were to move forward, or really any project in front of us, I think, , we're definitely learning as we go that more and more of the time, things will be going on the record, things are going to be going on Site Plans. I recently visited, I was invited to a little gathering over on Anna Court and, frankly, I was really surprised how many trees had been taken down after this Planning Commission had heard about how selective things were going to be. So, , I, again, would want to just see moving forward if this were to, if the Change of Zone does occur and if this Board gives a positive recommendation, at least from my perspective, it would be contingent on saving as much green space and mature trees as possible. Mr. Calder, questions, comments, concerns?

Mr. Calder: No, I'm just wondering, I know that the DPW comments mentioned about a PERC test and you're getting ready to do that soon because we're going to get some weather change here pretty soon.

Mr. Longo: Yes, so what we did is we did go out and did a preliminary test pit. We're waiting until we know how many number of lots to do the official test with the health department, but we did go and do a test pit and PERC test today with the owner and excavator and we did find 48 inches, 42 inches on the southern side down, there was a little, maybe six (6) to 12 inches of some flattening, not quite the whole four (4) foot, but I was actually a little surprised to see that the groundwater table was quite low. The sand, the sand is percolated at two (2) to three (3) minutes so that the sand where the leach fields will go is suitable and the groundwater, , seasonal groundwater was low enough that they could be conventional systems.

David Gazzillo (Contract Vendee)
Ghents Road

Mr. Calder: Okay, that's all I have, thank you.

Mr. Signore: I'm sorry, what do you consider?

Mr. Longo: Low compared to where you're trying to develop lots these days in that there's 12 inches down, you have to do a raised mound system. We didn't see that.

Mr. Signore: What about basements for the homes?

Mr. Longo: The homes will need to be set at the footing level will need to be set at that elevation. If you look across the street, those houses are kind of set up that same way, raised ranch kind of split levels, so we would set those footings at a similar elevation to make sure that that foundation stays dry. And when I say water, groundwater. I mean the seasonal, seasonal groundwater table where the septic system couldn't be. We didn't find an actual water table down to about seven feet (7'). It started to get a little bit moist, but we didn't find a water table where the water was settling out at that level either.

Mr. Calder: In septic systems? I was surprised that if you go farther down, you get in the back of Masullo and stuff, that water table you could about trip and get water. So that's good, I guess.

Mr. Longo: Yes, and actually in some comments from the excavator, I guess there was some, maybe some recent work in that area, drainage work, and from a little bit of canvassing with that street, they said that that really did improve the conditions on this road, on Ghents Road.

Mr. Calder: There's a big pond back there to use a retention pond in the back. And there's a lot of deer back there.

Chairman Ricker-Scannell: Yeah. Mrs. Ciampino?

Mrs. Ciampino: I agree with Kim. I mean that's a beautiful area over there, so I don't think that the neighbors would want to see a lot of their trees cut down. But other than that, I mean, I have nothing further.

Chairman Ricker-Scannell: Thank you. Mrs. Flansburg?

Mrs. Flansburg: I think it's a good fit in what's going on across the street. It's, , relatively similar to that. I do agree with Kim on being able to maintain as much of the mature trees as possible around what it is that you're looking to do. So, I'm in favor of it.

Chairman Ricker-Scannell: Thank you. Mr. Signore, did you have anything else?

Mr. Signore: No. My concern was the water table, of course, septic system. I'm familiar, very familiar with the area because I used to live there.

Chairman Ricker-Scannell: Nice. Mr. Miglucchi?

Mr. Miglucchi: The three (3), it looks like you got three (3) parcels back there. Are they landlocked?

Mr. Longo: That's the neighboring, that's the adjoining property. Okay. They, actually, I think we were in front of, I had represented that owner. We were in front of this Board, I believe, as part of a zoning ZBA application. They're working on that property back there, but they will, hopefully, they'll be able to come up with something. Actually, I can say this. So, our client here, Dave, has been asked

**David Gazzillo (Contract Vendee)
Ghents Road**

that in his deed they will not provide any easement so that one (1) of these lots couldn't get built on, or doesn't get built and somebody has access to the back.

Mr. Miglucci: So, it may stay for a while. It may stay wildlife friendly.

Mr. Longo: Yeah, I mean, , kind of separate from this conversation, I have represented those owners. It looks like there's one (1) building lot there that all three (3) of those, the application was for all three (3) of those lots to be consolidated. So maybe one (1) house, but it's extremely large where it wouldn't make sense to clear-cut that area either. But that's the adjoining property.

Mr. Miglucci: The same thing as cutting down trees and that. It's going to stay, . It would be good if it stayed that way.

Mr. Signore: Actually, the trees help absorb the water.

Chairman Ricker-Scannell: Yeah, I was thinking that too, and maybe that was when you were saying how you were surprised that there wasn't as much water. Well, those trees are sucking up all the water, right?

Mr. Calder: That is a dead end back there in the back, right?

Mr. Longo: Yes, yes.

Mr. Calder: And it's a turnaround just before the dead end. So, he did that for school buses and stuff. I'm kind of familiar with that area. I know that, well, anyway, I'm familiar with it. There were some issues over there a while back.

Chairman Ricker-Scannell: With water?

Mr. Calder: No.

Mr. Collins: I have one (1) more question.

Chairman Ricker-Scannell: Yes, Clark?

Mr. Collins: You made a comment. You said that you're going to put the water shutoffs in the driveways? Is that what you said?

Mr. Longo: The front yard will need a water service and a driveway.

Mr. Collins: Okay, I misunderstood what you said. Oh, okay. Some of our houses have the shutoff in the driveway and then they've got to tear up the driveway if they have a problem. So, I must have misheard. No, I'm good.

Mr. Longo: Well, yeah, no, that was more so about the clearing. I mean, hopefully we can selectively keep some of those mature trees in the front yard. We'll have to snake around a water service and a driveway for each lot. But, , it would be nice to leave some of the mature growth.

Chairman Ricker-Scannell: Clark, I have a question about water.

Mr. Collins: Oh, boy. Okay, make it easy. I had a rough day. What's that?

David Gazillo (Contract Vendee)
Ghents Road

Chairman Ricker-Scannell: I know. Does it make a difference if you do a perc test now with all the trees there and then you take a bunch of trees down and you do another perc test? Don't look at him, only look at me.

Mr. Collins: It's possible if you clear cut something, it would probably make a difference because like I say, the root systems absorb so much water continuously. When they're not there, water can pool and it can, anything is possible. If you clear cut anything, what I mean? Like you say, trees suck up a lot of water.

Chairman Ricker-Scannell: Yeah, I just, it seems unusual to me that, I mean, great. It sounds wonderful if we were able to change the infrastructure a little bit over there and drainage is better. So, that might be something we wanted to also keep in the back of our minds. If the Town Board does decide to go ahead and approve the Change of Zone that after the strategic clear cutting is done, if it comes back to us that we would want to have those perc tests may be performed again after that occurs. But I guess that's not what we're here to do tonight. I'm getting a little ahead of myself. I don't know if this Board feels that you have been given enough information to make a report or recommendation. Either way, I would entertain a positive or negative recommendation to the Town Board at this time if anyone would like to make one (1).

Mrs. Flansburg: I will make a recommendation to the Town Board for a Change of Zone in a positive way. I think he's presented it well. We're not here for Site Plan review. We're just here for the Change of Zone. I think it fits with the character of the neighborhood that it's in. And the issues that we talked about would come back to us during Site Plan review.

Chairman Ricker-Scannell: So, while I accept that motion, I would just add that as part of the report and recommendation, while we're not here for Site Plan review, it would be the report and recommendation of this committee that as many mature trees as could be saved should be saved if this project were to be given. I mean, that's part of my recommendation to the Town Board, that if we're going to just say, sure, go ahead and give a Change of Zone, we're not saying to do that and sacrifice a lot of green space for that. I don't know if we want in other areas when we've given report and recommendations, we kind of have reasons why we think it's good. It goes along with the character of the neighborhood. Obviously, four (4) lucky people would have beautiful homes in the beautiful town of Rotterdam and pay their...

Mrs. Flansburg: With mature trees.

Chairman Ricker-Scannell: With mature trees and pay their beautiful taxes. So, it's a win-win and I like that. But I would like to include some recommendations for the Town Board to consider because we're talking about it. What do you think about that?

Mrs. Flansburg: That would be lovely. I'd be happy to add that.

Chairman Ricker-Scannell: Would anyone like to second that?

Mr. Collins: I'll second that.

Chairman Ricker-Scannell: Thank you. Donna, could you please call the roll?

Ms. Levasseur: Mr. Collins?

Mr. Collins: Yes.

David Gazillo (Contract Vendee)
Ghents Road

Ms. Levasseur: Mr. Calder?

Mr. Calder: Yes.

Ms. Levasseur: Mr. Signore?

Mr. Signore: Yes.

Ms. Levasseur: Mr. Miglucci?

Mr. Miglucci: Yes.

Ms. Levasseur: Mrs. Ciampino?

Mrs. Ciampino: Yes.

Ms. Levasseur: Vice Chair Flansburg?

Vice Chairman Flansburg: Yes.

Ms. Levasseur: Chairman Ricker-Scannell?

Chairman Ricker-Scannell: Yes. All right.

Mr. Longo: Thank you.

Chairman Ricker-Scannell: Thank you.

Mr. Signore: Yeah, I got one (1) more question. As soon as the groundwater becomes an issue, let's just hypothetically say it. You can still put like raised ranches on there too, right? No basement or not?

Mr. Longo: Yes, definitely a raised ranch and minimize the depth of dig for the footing. Yeah, we're definitely thinking that. As far as the septic goes, there's all good sand suitable for the septic, no matter where that lower actual water table is. But the footing, we're going to keep the footing above.

Mr. Signore: Worst case scenario would be a raised mound septic?

Mr. Longo: No, we don't anticipate a raised mound.

Mr. Signore: All right. Because I know the area well. That's why I mentioned that.

Mr. Longo: No, you make a good point on the footings in the basements. And that's something we're going to keep an eye on when we make the grading plan. But the septic will be in ground. We're not going to have to import any materials.

Chairman Ricker-Scannell: Thank you. Go home and rest your voice.
